April 10, 2017

Dear Colleagues:

The 2018/2019 State of Ohio Biennial Budget Guidance required state agencies to project a 10% budget reduction. This projected reduction will impact the level of grant funding available for distribution.

In light of that, the Ohio Commission on Minority Health announces round three of availability of funds up to \$84,000 for fiscal year 2018-19 to support lupus programming focusing on patient and public education. Grant funds will not exceed \$14,000 per applicant agency per year for a maximum of six funded grants. Funding priority will be given to service areas demonstrating greatest need for lupus programming such as providing lupus health education to the public and/or persons with lupus and their caregivers. **This is a competitive-bid process.**

Enclosed is the Request for Proposal that provides detailed submission guidance and criteria for funding. An electronic version of this packet is located on our website at www.mih.ohio.gov. Please remember to include your agency's 501(c)(3) determination letter with the application.

I strongly encourage you to thoroughly read the application and to attend the Technical Assistance session (TA) via webinar. The Technical Assistance session will discuss the grant application process and provide information to assist you in the development of your proposal. The schedule for TA sessions will be available on our website. The sessions will be conducted on **Friday, April 21, 2017, at 10:00 am and 2:00 pm**. Please note that we will not be able to accommodate individual requests to provide this information.

Remember that an original and five copies of your grant application must be received in the Commission office at 77 S. High Street, 18th Floor, Columbus, Ohio 43215, no later than **5:00 p.m. on Monday, May 22, 2017**.

You have our best wishes as you prepare your application.

Sincerely,

Angela C. Dawson

Request for Proposals
Systemic Lupus Erythematosus (SLE)
Round 3**

BACKGROUND

Systemic Lupus Erythematosus (SLE) is a potentially serious, complicated, generalized, inflammatory, connective tissue disease that can affect many different organs of the body in varying combinations. The vast majority of persons with lupus, about 90 percent, are young women. The disease usually begins in adolescence or young adult life. Although the disease may start acutely, the course of the disease is usually chronic and irregular, with periods of activity alternating with periods of remission.

The manifestations of SLE can be quite diverse; they include: joint inflammation (arthritis), fever, a red skin rash (especially in sun-exposed areas), pleurisy (a painful inflammation of the membrane surrounding the lungs and lining the chest cavity), anemia, thrombocytopenia (decreased blood platelets), kidney disease, brain involvement, pneumonia, heart disease and eye disease.

Individuals with Lupus have certain immune system abnormalities. Instead of the immune system serving its normal protective function, it forms antibodies that attack healthy tissues and organs.

It is now clear that SLE is much more common than it was thought to be 25 years ago. It is one of the most frequent, serious disorders of young women. According to the Lupus Foundation of America, between 1.4 million and 2.0 million people have been diagnosed with Lupus.

An overall prevalence rate for lupus has been reported as: 1 in 185 people in the United States; 1 in 123 Caucasian women; and 1 in 62 minority women. In general, blacks have higher rates of incidence, prevalence and mortality than whites. The age of onset of SLE is approximately 6 years earlier for blacks than for whites. The peak age of mortality from Lupus is also earlier in blacks than whites. The incidence rate in black women peaks at the 25 - 34 year old age group. Lupus can also affect men and the elderly.

In addition to African-Americans, Puerto Ricans (residing in New York City), Chinese, Japanese, Filipinos, and ethnic Hawaiian women (residing in Oahu, Hawaii) have exhibited increased risk of SLE. Lupus appears to be unusually common in Chinese women, according to recent studies in Hawaii and Malaysia and observations in the People's Republic of China.

INTRODUCTION

The Ohio Commission on Minority Health announces the availability of funds up to \$84,000.00 for fiscal year 2018 to support lupus programming focusing on patient and public education. Grant funds will not exceed \$14,000.00 per applicant agency per year for a maximum of six funded grants. Funding priority will be given to service areas demonstrating greatest need for lupus programming.

In SFY Year 1994, the Ohio General Assembly appropriated funds to the Ohio Commission on Minority Health to provide funding for programs designed to serve Ohioans affected by Systemic Lupus Erythematosus. The Lupus grant program targets all Ohioans in need of services regardless of race, ethnicity or income. It is a goal of this grant program to serve the diverse needs of each city receiving funds.

In July of 1987, the Commission on Minority Health was created by Amended Substitute House Bill 171 for the purpose of providing health promotion and prevention of disease among minority Ohioans who are economically disadvantaged. Grants will be awarded on a statewide competitive bid basis to public or private, nonprofit 501 (c) (3), community-based agencies or organizations.

This Request for Proposal solicits grant applications meeting the requirements set forth in Chapter 3704 of the Ohio Administrative Code. Applications will be accepted exclusively from agencies or institutions meeting the eligibility criteria established by the Commission on Minority Health.

ELIGIBILITY

Applications will be accepted from eligible 501 (c) (3), community-based agencies or public organizations within Ohio. Current Lupus grantees that are programmatically and fiscally in compliance and have demonstrated quality services are eligible to apply.

Grant funds and services are limited to the city where applicant is located. In some circumstances adjacent areas may be considered; however, in no event can grant funds be used for regional or statewide projects.

Priority will be given to applicants who develop services in accordance with the mission of the Commission. To receive consideration for funding, applicants must:

- Demonstrate that at least 20% of project funds are received from sources other than grants awarded by the Commission on Minority Health;
- Be a public or private non-profit organization that has a 501 (c) (3);
- Develop a plan that establishes a management board for the administration of the grant, composed of proportionate representation of the population to be served and submit said plan with the grant application;
- Answer all questions on Administrative Compliance Form, and
- Grantee must comply with all current and applicable laws, regulations, rules, and administrative guidelines of the Ohio Commission on Minority Health.

The Commission strongly encourages you to thoroughly read the application and to long-in the Technical Assistance (TA) Webinar sessions that can be accessed through the Ohio Commission on Minority Health Website: www.mih.ohio.gov Technical assistance for this grant application will be discussed and may prove invaluable as you develop your proposal. Please note that we will not be able to accommodate individual request to provide this information.

The following are ineligible for funding consideration:

- Individuals.
- National organizations: local chapters or affiliates of national organizations may be eligible if they meet the definition of a "community-based health group."
- Organizations applying for the sole purpose of acquiring funds to supplement existing programs without any plan for enlarging their scope of work.
- Organizations in the process of creating or starting a "community-based health group" for the sole purpose of applying for grants from the Commission.

Ohio Revised Code (O.R.C.) Section 9.24 prohibits the State from awarding a contract to any offeror(s) against whom the Auditor of the State has issued a finding for recovery if the finding for recovery is “unresolved” at the time of the award. By submitting a proposal, offer or warrants that it is not now, and will not become a subject of an “unresolved” finding for recovery under O.R.C. 9.24, prior to the award of any contract arising out of this RFP, without notifying the Commission of such finding.

PUBLIC RECORD NOTICE

It is expressly understood by the parties the Ohio Commission on Minority Health (OCMH) is a public office and is subject to the Ohio Public Records Act, O.R.C. 149.43, et. seq. Upon receipt of a public records request, OCMH is required to provide prompt inspection or copies within a reasonable period of time of responsive records that OCMH determines, in its sole discretion, are public records subject to release.

If your organization chooses to not have what is considered a proprietary trade secret they must complete the following statement and submit to the Ohio Commission on Minority Health on your agency letterhead.

OCMH agrees not to disclose, without giving prior notice, any specific information that (organization) has previously identified as a proprietary trade secret. In the event that a person seeks that information through a public records request, OCMH will notify (organization) in the course of OCMH’s legal review to give (organization) an opportunity to establish to the satisfaction of OCMH that the information constitutes a proprietary trade secret that is exempt from disclosure under the Public Records Act. If OCMH does not find that the information constitutes a proprietary trade secret, OCMH will notify (organization) of its intention to disclose the information in accordance with law. (Organization) may choose to seek appropriate legal action, including injunctive relief, to prevent disclosure of the information at issue.

FUNDING

The Commission will grant awards up to \$14,000.00 to fund or support Lupus health promotion activities that focus on patient and public education. The funding period is July 1, 2017 to June 30, 2018. The grant period is July 1, 2017 through June 30, 2018. Funds must be budgeted on an annual basis, not to exceed the grant award.

IMPORTANT: This is a performance-based grant. The second year of funding is non-competitive but is contingent on measured outcome during the first year of funding. The Commission reserves the right to terminate the grant prior to the second funding cycle if the project does not perform in accordance with stated, measurable outcomes.

Preference will be given to grants that focus expenses on costs related to program services. Equipment purchases will be disallowed and agency personnel expenses should be kept to a minimum.

Successful applicants will be required to participate in Commission supported training.

PROPOSAL GUIDELINES

Grantees should review the criteria and apply for funding appropriate to the services delineated. Grants will be evaluated using this criteria and Commission funding decisions will be based on them and performance.

Applicants that are funded will be required to work with our Research Evaluation Enhancement Project Team, technical assistance to develop and standardize objectives that will be implemented during the funding period along with a standardized evaluation mechanism. . More information about this will be shared during the start-up SLE Webinar session on April 21, 2017.

Critical Guidelines

- Projects are required to provide twelve (12) months of active program/face to face services through optimal health support groups.
- The minimum number of group participants is ten people with lupus.
- Projects are required to conduct Lupus Optimal Health group services in July 1, 2017 through June 30, 2018. Marketing and outreach activities are not considered program services.
- Grantees will be required to participate in the kick-off events for Minority Health Month in March 2018 and 2019. The grant application should address attendance at these events under the travel section of the budget.
- Commission funds cannot be used to develop educational materials.
- Patient education activities **must** provide strong educational components. Grant funds can be used to pay for expert presenters and result in the transference of skills (i.e. health literacy, relaxation, exercise, positive thinking, proper dietary practices and other techniques that will improve coping mechanism of persons with lupus and/or their caregivers).
- Commission funds can be used to support awareness projects for the community at-large. This public awareness campaign may be a useful way to help identify cases of lupus for people who have the disease and do not know it. Such public awareness campaigns can be used to generate more public support for lupus concerns. Public awareness campaigns are not viewed as exclusive activities and must be conducted in conjunction with other activities e.g. patient education in this section. Funds allocated to support this activity must be reasonable and budgetary proportionate.

Due to the limited funds it is preferential that applicants specify how they intend to meet the needs of diverse population groups based on demonstrated need and/or risk; as opposed to proposing a non-targeted general initiative and/or limiting efforts to one racial/ethnic group to the exclusion of others.

An applicant must meet all criteria in each category to be considered for funding:

Patient Education:

- Conduct at least one monthly face to face optimal health support group meeting that is facilitated by a **trained facilitator** and includes **balanced presentations**.
- Provide a referral list of area facilities and physicians that provide medical treatment for SLE related medical conditions (i.e. rheumatologists, dermatologists, nephrologists, etc.).
- Conduct a training opportunity that enhances the combination of patient, caregiver and professional education on the subject of SLE (i.e. workshop, conference or seminar). A mechanism to capture demographics for all services must be in place.
- Provide outreach to minority women via: Telephone Hotline, Literature Updates, On-line Education Sessions, Teleconference Education Discussions, Home Visits, Peer Counseling, and Self-Management Skills. The grantee is required to select and report on a minimum of four out of seven outreach modalities as stated above.
- The minimum number of group participants is ten people total to include participants with lupus and caregivers.

Public Education

- Include caregivers and children of persons living with lupus at monthly *support group* meetings.
- Conduct presentations that enhance SLE education.
- Participate in local events (i.e. health fairs).
- Participate in Lupus Awareness Month (May 2018).
- Enhance public education via media outlets.
- **Each funded agency is required to administer and review the “symptom checklist” – This is a mandatory requirement of funded agencies. Every person who receives a symptom checklist, and has 4 or more symptoms, their contact information should be collected so the grantee can follow up with those individuals. Please note, requesting contact information for follow up to see if the individuals were able to follow up with a healthcare provider is not a violation of HIPPA.**

Grantees are required to maintain participant files.

Participating Files must contain the following:

1. Individual file for all program participants.
2. Program participant’s files should not include their first and last names or home address. The participant identifications system can be: (first name, last initial, or vice versa), numbers, group name, sub group, or alphabetic.
3. All progress notes must be written in blue ink and updated after each program activity, signed and dated by the Project Director. Can they be typed but signed in blue in?

Definitions:

Patient Education Sessions:

An organized group of face to face individuals led by a trained facilitator in an effort to receive information, share experiences and coping techniques. The group may set its own format for meetings, which may include educational, facilitated discussions or social events.

Trained Facilitator:

The individuals responsible for coordinating the work of the patient education sessions. All new grantees are required to be trained in group facilitation and conflict resolution. The required training will be conducted as part of the Commission’s mandatory all grantee training.

Balanced Presentation:

A presentation that allows group members to share their personal experiences and an expert speaker to provide factual knowledge which results in the transference of skills.

PROPOSAL PREPARATION

The Commission strongly encourages you to thoroughly read the application and to log-in the Technical Assistance (TA) Webinar sessions that can be accessed through the Ohio Commission on Minority Health Website: www.mih.ohio.gov The technical assistance session will review the grant application and provide information to assist in the development of your proposal. Please note that we will not be able to accommodate individual requests to provide this information.

PROPOSAL PREPARATION

Responses to this RFP should be prepared following the format described below. Proposals, which do not provide all of the requested information, or do not meet all the requirements specified in the RFP, will be determined incomplete and will be disqualified.

Narratives should carefully address the instructions that follow. The narrative section is limited to **13 single-spaced pages** excluding appendices and required forms. Identifying information (applicant name) should appear in the footer at the bottom of each page, along with page number.

(1) **Complete and submit all forms to include type written pages for the following: Receipt of Acceptance, Project Application, Description of Applicant Agency, Problem Need Statement, Method of Implementation, Project Summary, Program Evaluation, Project Action Plan, assurance, and compliance forms. Include the copy of 501 (c) (3) letter, recent audit report and board resolution (approving the submission of the application), vendor information forms, agency's most recent audit, board and employee composition forms, and W-9 form.**

(2) **Proposal Narrative**

a. Description of Applicant Agency (two pages maximum)

All Narratives must be written in a complete sentence structure.

Describe the agency's mission, mandate, and previous experience (including previous Commission grants) in providing services to the targeted group(s) (racial/ethnicity) and/or training specific to lupus.

Include accomplishments and how the target population(s) will benefit by the project being implemented through the agency's service delivery mechanism.

Collect health baseline information of the participants and their caregivers and measure the outcomes quarterly after participants have participated in the program activities offered by your agency.

Grantees that are funded will be required to work with REEP to implement evaluation mechanisms.

Staff descriptions must include job descriptions, contracts of personnel assigned to grant, and resumes, if available.

b. Problem Need Statement (three pages maximum)

All Narratives must be written in a complete sentence structure.

Provide narrative information about the populations to be served in your city/area. Identify such factors as race or ethnicity, age, etc., geographical area(s) or similarly disadvantaged area to be served and sources of community support.

Define the specific problems and needs to be addressed by the proposed project. Support the extent of the problem and needs statement with statistics, research findings, or other documentation.

List the expected outcomes of the project.

Provide letters of support from appropriate organizations. If organizations are providing services to the project, the extent of their involvement should be described.

C. Project Abstract

During the review process, the abstract is separated from the grant for the reviewer to have a summary of the proposed project. Therefore provide goals and objectives with a concise overview of the purpose, rationale and methodology to be utilized by the project. (*Limit = 500 words or less*)

D. Method of Implementation and Evaluation

Provide a comprehensive narrative describing the proposed activities that will be provided under this grant. The explanation should include

In a complete written sentence structure provide a brief narrative that describes the major tasks and activities planned and how they will be accomplished.

- Hours and location(s) of activities;
- Measurable goals with outcome objectives (what you plan to accomplish);
- Outreach/recruitment approaches for the target population(s);
- Culturally-specific components that reflect the target population's attitudes, values and beliefs;
- How effectiveness of the project will be measured; and
- Applicants must identify the number of persons with lupus to be served **AND** the number of caregivers to be served

E. Project Action Plan – FY 2018 (*use attached mandatory forms*)

Project Action Plan must list goals and objectives with projected number of participants to be served for the year of the project that are clearly defined and measurable in process and client behavior outcome changes. Project time frames must conform to the funding period. Although certain tasks (such as advertising for positions, hiring staff or identifying dates when advisory committees meet) are important steps in the project's evolution, these items need not appear as goals and objectives. Major tasks and activities should be indicated for each objective.

Emphasis should be placed on developing measurable objectives, which are focused on client outcome rather than process outcome (recruitment, hiring staff, etc.). Outcome focused objectives are designed to create measurable behavioral changes.

- (3) **Budget Forms** - Instructions are on the reverse side of each form as appropriate. Attach a budget justification or narrative must be attached describing unit cost and itemization of each line item.
- **Applicants must submit their most recent completed agency audit.**

PROPOSAL EVALUATION

Responses to this RFP that are determined to be complete and in compliance with the requirements of the Commission will be reviewed by teams following the general criteria listed below.

The final selection process will involve a ranking system based on scores, reflecting compliance with the evaluation criteria.

Evaluation Criteria for Applications (Items which are considered during review of grant applications):

(1) Service Area Design

- The need for the program is well documented.
- The project explains assurances for provision of technically accurate information.
- Programs are directed at a clearly defined target population consistent with the Commission's definition for economically disadvantaged minority(ies).

(2) Innovativeness and Impact

- The project is designed specifically for the proposed target population.
- The project will result in some measurable impact on the identified population.
- The applicant states expected outcomes as a result of proposed interventions.

(3) Program Design

- The applicant has demonstrated that cultural beliefs, attitudes and practices have been considered and included in designing the program.
- Barriers to service; i.e., availability, acceptability, language and cost have been considered and appropriate recourse is included in the approach to the project.

The problems to be addressed are clearly stated in specific rather than general terms, reasonably addressed during the grant period, and accomplished with the dollars available for the project.

(4) Budget Appropriateness and Reasonableness

- At least 20% of the applicant's operating budget during the funding period is from a source other than the Commission is clearly documented. In other words, the Commission cannot be the sole funding source of an agency. This 20% should not be perceived as matching funds.
- All line item costs are appropriate and reasonable/justifiable.
- Costs support direct client activities.
- All line items must be itemized and list a unit cost for each requested expenditure.

Applicants that are funded will be required to work with our Research Evaluation Enhancement Project to develop standardized objectives that will be implemented during this funding period along with a standard evaluation mechanism.

(5) Evaluation

- The proposal offers valid time-lined outcomes and effectiveness of the project.

- Applicants that are funded will be required to work with a Research Evaluation and Enhancement Project (REEP) Panelist. The REEP Panelist will provide technical assistance to develop a standard evaluation mechanism/tool.

NOTE: Please double check your grant proposal for accuracy and completion. Missing pages, omitted sections and mathematical errors may result in disqualification for funding. Utilize the attached RFP checklist, if item(s) is omitted and/or missing pages, your RFP will be returned to your agency without a review.

GRANT REPORTING/PARTICIPATION REQUIREMENTS

Prior to submitting this proposal, please be aware that there are grant reporting mechanisms and evaluation reports that are required to be submitted to the Commission on a quarterly basis if funded. Grant management is required by your agency to be responsible for:

- All grant recipients must have a fully executed Acknowledgement of Terms (AOT), to include original signatures on the AOT as well as compliance with all identified program and all identified fiscal special conditions within 60 days of grant notice. The AOT will be provided to grant recipients after the awarding of the grant. Failure to meet this requirement will result in forfeiture of the grant.
- Submission of Program and Fiscal quarterly reports (on appropriate Commission forms).
- Participation in MHM Kickoff Expo sponsored by the Commission. In an effort to raise awareness required OCMH funded Program Grantees are required to set up a display table at the Annual Health Expo.
- The LUPUS Program Director will participate face to face, by Webinar, and/or conference call with REEP Panel to develop an evaluation tool.
- Responsible for Biennial Program Report by required deadline.
- Responsible for conducting two Lupus Awareness Month activities in May of 2018.

DEADLINE

The original and five copies of the grant application must be received in the Commission office by **5:00 p.m. on Monday, May 22, 2017**. Applications and other materials received after this deadline will be returned without review. All applications must be typewritten, **handwritten applications or those submitted by fax will not be accepted and will be returned without review.**

**We recommend allowing sufficient time to access the building and go through security.
Address applications to:

PROPOSAL PREPARATION

Responses to this RFP should be prepared following the format described below. Proposals that do not provide all of the requested information, or do not meet all the requirements specified in the RFP, will be determined incomplete and will be disqualified.

Complete the Receipt of Acceptance, assurances and compliance forms, W-9, and Vendor Forms. Include a copy of 501(c)(3) status, most recent audit report and board resolution. Agency must include a board resolution approving the submission of the application. (Not included in the page count).

I. Proposal Narrative

A. Description of Applicant Agency

Describe the agency's mission and mandate. Also describe successful and previous involvement with minority populations. Include accomplishments and indicate how this project will enhance the agency's service delivery capacity. Describe facility where activity will be provided including days and hours of operation. Describe how the technical accuracy of the project's health component will be assured. Staff Description: Include job description, contracts of staff assigned, and resumes of staff assigned to the grant. Within the agency's plan describe the degree to which program staff are culturally competent. Describe how the agency will collect health base line information of the participant, the caregiver, and measure the outcome quarterly after program participation.

B. Problem Need Statement

Define the specific target area including a description of the problems and needs to be addressed by the proposed project. Support the problem and needs statement with statistics, research findings, or other documentation pertinent to your community/target population.

Identify and include narrative information about the targeted population (identify such factors as race or ethnicity, age, sex, number of clients to be served, etc.), geographical area(s), or similarly disadvantaged area(s) to be served and sources of community support.

List the expected outcome of the project.

Submit letters of support from appropriate organizations. Their letters must outline the activities or services they will provide to the project and generally describe how this project will impact/improve the identified problem.

C. Project Abstract

During the review process, the abstract is separated from the grant for the reviewer to have a summary of the proposed project, therefore, provide goals and objectives with a concise overview of the purpose, rationale and methodology to be utilized by the project. (Limit = 500 words or less)

DO NOT SUBMIT THIS PAGE WITH RFP

D. Project Action Plan – FY 2018 (use attached form)

Project Action Plan must list goals and objectives with projected number of participants to be served for the year of the project that are clearly defined and measurable in process and client behavior outcome changes. Project time frames must conform to the funding period. Although certain tasks (such as advertising for positions, hiring staff or identifying dates when advisory committees meet) are important steps in the project's evolution, these items need not appear as goals and objectives. Major tasks and activities should be indicated for each objective.

Emphasis should be placed on developing measurable objectives, which are focused on client outcome rather than process outcome (recruitment, hiring staff, etc.). Outcome focused objectives are designed to create measurable behavioral changes.

Describe in detail the method(s) that will be used to determine whether the established goals and objectives are being met and whether the expected outcomes are being achieved. Do not state in percentages.

A sample action plan is included as a guide.

E. Method of Implementation

Provide a comprehensive narrative describing the proposed activities that will be provided under this grant. The explanation should include:

- detailed description of services to be provided;
- demonstration and verification that the proposed services/activities are medically and technically accurate;
- proposed days and hours of operation and location(s) of activities date/month;
- how the target population(s) will be involved in the administration and execution of the grant;
- the linkages between the program design and the goals and objectives the program intends to achieve;
- the culturally-specific components that reflect the target population's attitudes, values and beliefs;
- a description of the aspects of the proposal that make it a demonstration grant; and
- a description of the role of the evaluator in the program's design, implementation and goal attainment.

F. Evaluation

Describe in details, the method(s) that will be used to determine whether the established goals and objectives are being met and whether the expected outcomes are being achieved. **Do not state in percentages**. Limiting your responses to a statement such as, "we will hire an evaluator", will be considered non-responsive.

INSTRUCTIONS FOR COMPLETING THE PROJECT ACTION PLAN

GOALS/OBJECTIVES: Goals and Objectives in Project Action Plan may be used for this section.

- Establish clearly defined and measurable goals/objectives (using numbers not percentages).
- Must support the program narrative methodology.

APPROACH:

- Describe what plan or method will be implemented.
- Identify strategies for achieving objectives.

ACTIVITIES:

- Develop a list of activities or tasks related to each strategy.
- Set priorities among activities/tasks related to achieving the objectives **ON A MONTHLY BASIS**.
- Is the strategy culturally specific? Does it consider beliefs, attitudes and practices of the specific population?

RESPONSIBILITY:

- Name the person or collaborating organization responsible for task completion.

TIMELINE:

- For each task/activity assign a beginning and ending time.
- Avoid using by June 30th; quarterly outcomes must be part of the timeline.
- Consider if the implementation timeframe is reasonable and realistic.

****PLEASE NOTE CHANGES TO TIMELINE REQUIREMENT MONTHLY ACTIVITIES.**

SECTION I: PERSONNEL AND FRINGE BENEFITS – INSTRUCTIONS

Only those positions which provide direct client services are to be listed. Do not list contractual personnel or consultants in this section. Administrative costs are to be listed in Section II - Non-Personnel.

- Column I. Provide the yearly salary budgeted for each position listed. The amount should be consistent with similar positions in the agency based on Full-Time Equivalency (FTE).
- Column II. The total number of months of employment projected per position for this grant.
- Column III. Calculate the percent of time the employee will devote exclusively to the project under this grant; for example, a 40-hour per week agency employee who provides 20 hours of service on this project would be listed as 50%.
- Column IV. Amount of the employee's salary that will be funded by the Commission based on annual salary (Column I), number of months on the project (Column II) and the percentage of time on the project (Column III).
- a) Example: 1) An employee with an annual salary of \$15,000 who works 12 months at 50% of his/her time would earn \$7,500 from Commission funds; 2) An employee with an annual salary of \$20,000 who works nine months at 25% of his/her time on the project would earn \$3,750 from the Commission.
 - b) If the agency pays one rate during a probationary period with an increase after probation, state budget assumptions on separate lines for each category and provide a narrative explanation.
 - c) Only employees who implement services detailed in the project proposal may charge their time to this grant.
- Column V. List the fringe benefits for all positions listed in the budget.
- Column VI. List the percentage of employee fringe benefits.
- Column VII. Where appropriate, match must be identified for each line item.

Section I Personal and Fringe Benefits page must be signed by the Executive Director and the Fiscal Officer.
